**Tips and tricks on how to plan,
develop, and choose the right career:
Are you on track?**

Dr. Saw YuMon

Associate Professor
Dept. of Healthcare Administration
School of Medicine/Graduate School of Medicine,
Nagoya University

Career planning and development plays an important role in achieving successful career, which is a lifelong process as well. This lecture will cover the useful tips and tricks that could help you to plan and develop your career. I will also share my own experience of how I prepared my career while I was a student, and the management of current work-life balance.

This lecture is also open to **all students** who are not enrolled in Well-Being Program.
