Contents:

Debriefing seminar of Overseas Fieldwork I which was conducted from January to February in Indonesia, Philippines and Vietnam was held in a lecture room of Graduate School of Bioagricultural Sciences.

After brief introduction by Prof. Yamauchi, a chair of Overseas Fieldwork I, presentation session started. Each session of each group consisted of short introduction by faculty staffs, presentations by students and Q&A session. After students' presentation, there were a lot of comments and discussions not only from members of well-being program but also from next applicants for the program, and the seminar was fruitful for every participants.
